

“Share the FUN and SAVE a Ton”

We build our business one client or team at a time, and your referrals are very important to us. In our experience, we’ve found that when people like you, participating in a sports program or league have heightened awareness of others who are thinking of doing the same, so here’s how YOU save money and invite your friends to play.

When you come across someone or a team who is thinking of playing in league or any sports program, we would appreciate it if you would pass on Legend’s information to them and then fill out this referral card and fax, e-mail, or drop it in the mail to us or if it’s easier for you, just pick up the phone and call us. (281)298-5700.

For every individual referral that pays and plays you get \$25 off any Legend’s League or Sports Program and for every team referral that pays and plays you get \$75 off any Legend’s League or Sports Program.
